THE STUDENTS OF

NORTH CAROLINA STATE COLLEGE

RALEIGH, NORTH CAROLINA

DEAN AND MRS. LAMPE

## DEDICATED TO J. HAROLD LAMPE RETIRING DEAN OF THE SCHOOL OF ENGINEERING

Dedicated to the field of engineering education, Dean J. Harold Lampe accepted the deanship of the School of Engineering in 1945. Under his energetic and resourceful leadership, an engineering program has been developed that not only offers the best in technical training on the undergraduate and graduate levels but also includes courses in the humanities and social sciences. To challenge the best students, Dean Lampe initiated the Engineering Honors Program. He has fostered the growth of the college's engineering research program. An active participant in meeting the needs of North Carolina industry, he was a leader in the establishment of the Industrial Extension Service. Widely known and respected in the professional field, he has held numerous official posts in national engineering and educational societies, and has served on educational, research, and defense committees. We are proud to dedicate the 1962 AGROMECK to DEAN J. HAROLD LAMPE.

Professor Lewis J. Clarke of North Carolina State College's School of Design (center), named "Distinguished Classroom Teacher of the Year," was presented an \$800 cash award by the N. C. State Alumni Association. Richard L. Rice (right), Chairman of the association's board of directors, makes the presentation while Chancellor John T. Caldwell (left) looks on.

The eight schools of North Carolina State College are represented by these professors who are "Distinguished Classroom Teachers of 1961" as recognized by the Senior Class of 1961. Each man was selected by a committee of seniors from his school. The senior's choices are an-

nounced at graduation exercises in the spring. In recognition of his academic achievement, the Senior Class named Professor Lewis J. Clarke "Distinguished Classroom Teacher of the Year."

# GRADUATION...

*Damn thing tickles!*

*It has been a long walk.*

**and you are  
ready to begin . . .**

**YOU CAME . . .**

## H A R R E L S O N   H A L L

With enthusiasm and confusion, desks, books, students, and professors moved into the "round-house." A few times around and everyone became adjusted to the new environment. Unique in almost every respect, Harrelson Hall is already a landmark on the campus.

# ORIENTATION

*The mixed emotions of a Freshman orientation group.*

*He seems to know what he's talking about.*

*Must be a letter from home already.*

*Did you ever feel like  
you were being watched?*

*1 . . . 2 . . 2 . . . 3 . . 3 . 3 . . 3 . 3 . .*

*The line up—State College style.*

*Take a deep breath and hold it.*

## R E G I S T

*Some finished early . . .*

With all these IBM machines and high-powered planning and scheduling, our administration as yet has been unable to come up with a registration procedure that resembles anything other than chaos. When it rains, hundreds stand in the rain—when it snows, hundreds stand in the snow, waiting to get into the Coliseum.

## R A T I O N

Once inside, one joins a milling mob of a thousand or so, all trying to register for Math or Chemistry 101 and one or two other courses it seems.

Someday a reasonable system will be devised, one that will do justice to our big IBM machines.

*Others worked late.*

# FIRST DAY OF CLASSES

## NIGHT AFTER FIRST DAY

**YOU FOUND . . .**

## THE STUDENT SUPPLY STORE

Here are the headquarters for the incomplete student. The man who needs everything has only to visit the Student Supply Store to get all his professor desires him to have. And once back on the campus he will lack only one thing—MONEY.

## TREES

I THINK THAT I SHALL NEVER SEE  
A POEM LOVELY AS A TREE.

A TREE WHOSE HUNGRY MOUTH IS PREST  
AGAINST THE EARTH'S SWEET FLOWING BREAST.

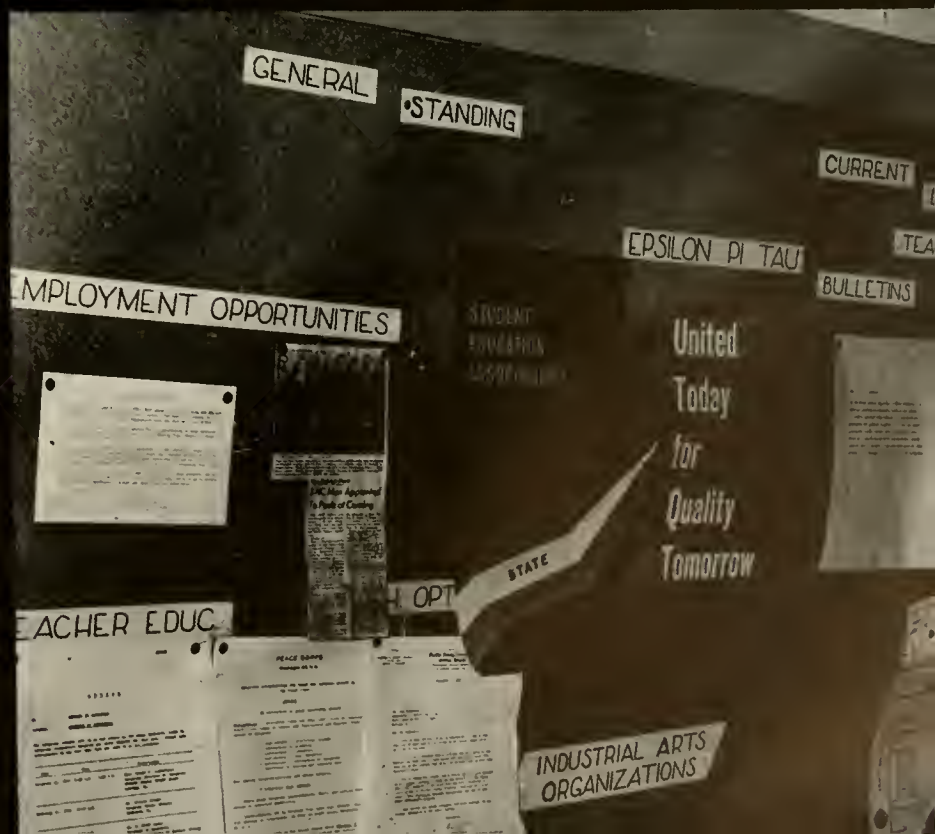

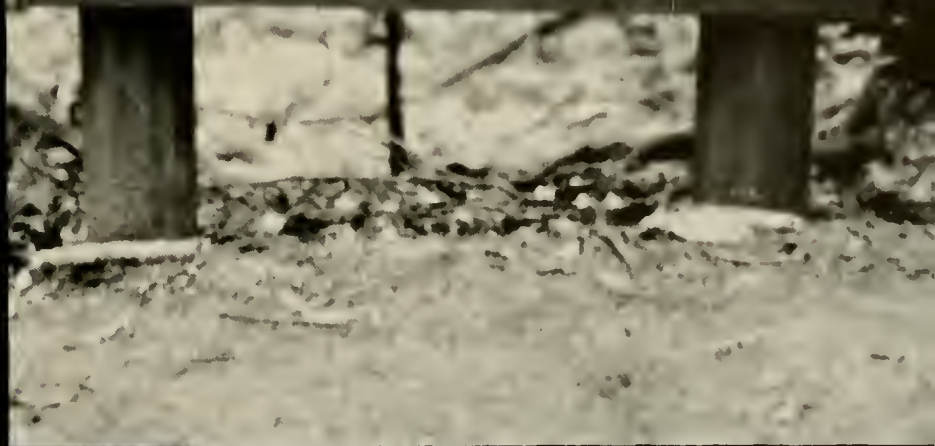

A TREE THAT LOOKS AT GOD ALL DAY  
AND LIFTS HER LEAFY ARMS TO PRAY.

A TREE THAT MAY IN SUMMER WEAR  
A NEST OF ROBINS IN HER HAIR.

UPON WHOSE BOSOM SNOW HAS LAIN;  
WHO INTIMATELY LIVES WITH RAIN.

POEMS ARE MADE BY FOOLS LIKE ME,  
BUT ONLY GOD CAN MAKE A TREE

JOYCE KILMER

# SCHOOL OF

DEAN H. BROOKS JAMES  
*School of Agriculture*

The science of Agriculture is finding increased application on the farms, in manufacturing plants, in processing plants, and in the entire network of sales and distribution of agricultural products in North Carolina. Men trained in the biological and agricultural sciences are finding employment in a wide variety of professional, industrial and farming activities. The graduates of the School of Agriculture are molding many of the changes which are taking place so rapidly and which are building a greater North Carolina. The agricultural leaders of today have a mastery of chemistry, the biological sciences, agricultural business management, agricultural engineering, public policy and the techniques of efficient plant and animal production, processing and marketing. The School of Agriculture is providing these leaders.

*What are you looking at??*

# A G R I C U L T U R E

*The role of government in agriculture is a vital issue to all concerned with agriculture.*

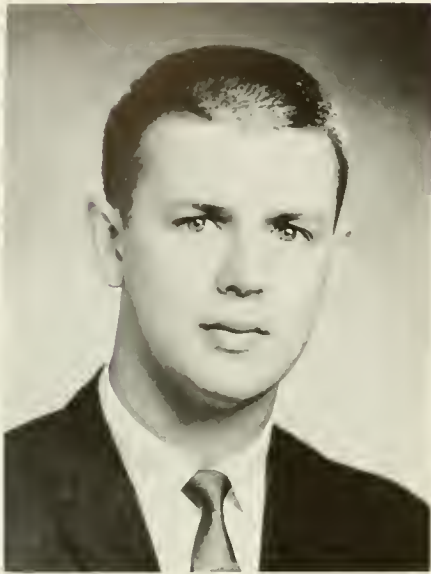

*Let us not forget  
the subject of our endeavors.*

*Gassed and ready to  
go . . . and in the lab,  
"Do we have a field  
trip today? . . .  
Does a cat have . . . ?*

MRS. ROGER E. HANES  
*Sponsor*

The aims of the Agronomy Club are to stimulate interest in the field of Agronomy, to aid in carrying on student activities, and improve relationships between faculty and students.

Each year the club sponsors educational exhibits at the North Carolina State Fair, and an Awards Banquet is held during the spring semester at which time the club presents an award to the outstanding instructor in the School of Agriculture.

# AGRICULTURAL COUNCIL

The Agricultural Council is the governing body of the students of agriculture. The Agricultural Council is composed of elected representatives of the various departmental clubs in the School of Agriculture and the department of Agriculture Education. The primary function of the council is to coordinate the activities of the various clubs represented.

Each year the Council sponsors an entertainment program—students Ag Fair, Barnwarming Dance, and Ag Day. This year the Council initiated a publication, *Ag Student*.

The Collegiate 4-H Club first started on the State College campus in April, 1940 as the State College 4-H Supper Club with the objectives to foster fellowship among 4-H members at State College, to promote leadership and citizenship, and to acquaint club members with extension work and workers. Today the club promotes leadership, fellowship, citizenship, and religious development through weekly meetings, deputations with Woman's College 4-H Club, devotionals, and projects such as the Homecoming float.

DEAN HENRY L. KAMPHOEFFNER

## SCHOOL OF DESIGN

The School of Design is devoted and dedicated to the development of a native architecture and its accompanying art forms for the southern region.

While the natural and organic aspects are stressed, the universal and international aspects of design are also respected and related to the human patterns of life. Seeking to integrate the architect as a social human being and the architect as a scientist-engineer, the school encourages and nurtures the architect-engineer as the co-ordinator of structural dynamics in the over-all pattern of life.

While its first aim is to serve North Carolina and the southern region, the design school believes that its students will be equipped, through the teaching of the school, to work in any region.

Because character, a profound devotion, and an absolute professional commitment are prime ingredients of any creative activity where the social responsibilities are as vital as in architecture and design, the School of Design fosters and cultivates the integrity of the individual.

*Wake Woods? . . . That's a new twist.*

*Looking, listening or  
drawing—it goes on  
night and day.*

*Consultation and revision.*

*And the work goes on and on . . . and on . . .*

# SCHOOL OF

DEAN J. BRYANT KIRKLAND  
*School of Education*

The current need for competent, well-qualified teachers is greater now than at any other period in the history of our public school system. This is especially true in the fields of mathematics, science, industrial education, industrial arts, and vocational agriculture.

The School of Education provides the professional pre-employment training required for certifying teachers of

*Building two thing-a-ma-jigs.*

vocational agriculture, industrial arts, industrial education, mathematics and science. The curriculum in each of these departments includes courses designed to aid prospective teachers in acquiring an understanding of high school pupils, and in selecting and using acceptable teaching methods. The School of Education also provides undergraduate training for recreation leaders in industrial and rural areas.

# SCHOOL OF

DEAN J. HAROLD LAMPE  
*School of Engineering*

The engineer, vigorous and probing in his approach to technological problems, represents a profession growing in size and importance. To meet the expanding demand for its graduates, the School of Engineering, too, has grown until now it has the largest enrollment in the college. Representing major fields of engineering and growing areas of specialization, fifteen curricula are offered by eight degree granting departments. Graduate as well as undergraduate programs extend to the student the opportunity to exploit to the fullest his capacities for learning.

Dr. John Harold Lampe, Dean of Engineering, directs a staff which includes some of the educational and scien-

*In an age of instrumentation . . .*

tific leaders of the nation. Nine buildings filled with modern facilities are utilized for teaching and research by these faculty members. In its extensive activities in service and research, the School seeks both to explore basic engineering principles and to investigate problems encountered by the industries of North Carolina.

Thus, the School is dedicated to the dual mission of serving the individual student and the citizens of the State. It also sets for itself the task of keeping abreast of current developments in technology and in the engineering profession. The resulting program of education is recognized as one of the foremost in the South and in the nation.

The Engineers' Council is composed of elected representatives of the various engineering organizations on the campus. The primary function of the Council is to coordinate the activities of the various societies represented.

Each year the Council sponsors the Engineers' Exposition. It is also responsible for directing the publication of the *Southern Engineer*.

The Engineers' Council sponsors two dances during the school year. In the fall, the "Engineers' Ball" is held. And, during the spring semester, the "St. Pat's Dance" takes place.

In connection with the "St. Pat's Dance," the Council recognizes outstanding engineering students by knight-ing them into the Order of St. Patrick. The outstanding senior engineering student is recognized and given a gift by the Council at this time.

Scholarship is encouraged at the freshman level by electing the two outstanding freshmen from each depart-ment as Companions of St. Patrick.

# AMERICAN SOCIETY OF MECHANICAL ENGINEERS

## OFFICERS

JAMES MCGAVISK

*President*

JESSE R. MILLS

*Vice-President*

JOHN F. HARRIS

*Secretary-Treasurer*

G. L. GOGLIA

*Advisor*

The student section of the American Society of Mechanical Engineers is a part of a national professional society which has as its objective the advancement of the field of Mechanical Engineering, through the free exchange of technical information and the cooperation of mechanical engineers all over the world. The society hopes to achieve through its student sections an introduction for its student members into the engineering world and to create an atmosphere in which the students may develop skills. Student members have an oppor-

tunity to keep informed on new developments in industry. This is accomplished through speakers, films, conferences, and society publications. Moral leadership, growth through stress on individual ethics, and codes of professional conduct are basic objectives of the society.

EDWARD DENISON  
*President*

# PI TAU SIGMA

Membership in Pi Tau Sigma is the highest honor that can be obtained by a mechanical engineering student in his field. He must maintain a very high scholastic average in order to be eligible for membership, but this is by no means the only requirement, for selection is also based on social adaptability, honesty, personal cleanliness, neatness, and soundness of principles and morals. If a man is deemed worthy, he is invited to join Pi Tau Sigma, an honor which all men would be proud to claim as theirs.

#### OFFICERS

WILLIAM E. BURTON . . . . . *President*  
 NOLAN E. WIGGINS . . . *Vice-President*  
 PAUL W. BRANT . . . . . *Secretary*  
 GRADY T. FERRELL . . . . . *Treasurer*

The aims of the society are to help the civil engineering students by closer acquaintances among the students, faculty, practicing engineers and the National Society. The student chapter supplements regular class and laboratory work, and is the only medium that can relate the professional development of the students to the achievements of the American Society of Civil Engineers.

Programs consist of movies on engineering projects, lectures by professional engineers, and technical papers prepared and read by students. Social activities are a part of chapter activities. Smokers, picnics, and dances are frequent. Membership is open to all civil engineering students.

## AMERICAN SOCIETY OF CIVIL ENGINEERS

 DR. M. E. UYANIK .....Advisor

Chi Epsilon is a national professional Civil Engineering honorary fraternity, based on the broad objective of increasing the efficiency of the profession as an instrument of social betterment.

Chi Epsilon has, from a small beginning, grown to a place of prominence in the professional and honorary fraternity world. It has chapters in the majority of the best engineering schools in the country, striving to maintain a constant policy of establishing chapters at a school on the basis of the quality of its instruction and not necessarily its size.

# CHI EPSILON

## AMERICAN INSTITUTE OF INDUSTRIAL ENGINEERS

### OFFICERS

PAUL HUMPHRIES ..... *President*  
 CHEYNEY NICHOLSON ..... *Vice-President*  
 BILL TROUTMAN ..... *Secretary*  
 GEORGE HARRISON ..... *Treasurer*

The primary purpose of the student chapter of the American Institute of Industrial Engineers is to provide opportunities for the professional development of students in Industrial Engineering. Coordination of departmental activities, development of leadership, and promotion of the interchange of ideas among students are other high objectives. Membership is open to all Industrial Engineering students and may be obtained at any official meeting.

# AMERICAN INSTITUTE OF CHEMICAL ENGINEERS

## OFFICERS

JAMES MYHRE .....President  
 JERRY WEAVER .....Vice-President  
 PAUL HELMINGER .....Recording Secretary  
 BILL ECKSTEIN ....Corresponding Secretary  
 WILEY BLAND .....Treasurer

The N. C. State Student Chapter of the AICHE is dedicated to promoting academic and professional interest in Chemical Engineering. Nationally noted speakers, plant trips, and social meetings with parent groups are the stimulative means. The AICHE also affords opportunity for development of individual leadership, administration, and public speaking.

# AMERICAN CERAMIC SOCIETY

## OFFICERS

MAURICE BENBOW ..... *President*  
 JOHNNY BROWN ..... *Vice-President*

# SOUTHERN ENGINEER

PAUL HUMPHRIES  
*Business Manager*

Under the sponsorship of the Engineers' Council, the *Southern Engineer* provides an opportunity to develop favorable student writing techniques and to provide information of value to the engineering profession.

Published four times each school year during the months of October, December, March and May by the students in the School of Engineering, the *Southern Engineer* magazine has become one of the leading technical journals in the South.

# AMERICAN INSTITUTE OF MINING ENGINEERS

## OFFICERS

RICHARD HEUSTESS .....*President*  
 JAMES M. LEATHERWOOD .....*Vice-President*  
 MICHAEL D. AGOSTINI .....*Secretary*  
 CARY M. ROSS .....*Treasurer*  
 DR. J. M. PARKER .....*Advisor*

The student chapter at State College is an affiliated chapter of the American Institute of Mining, Metallurgical, and Petroleum Engineers. The purpose of the society is to promote among its members an increasing knowledge of geological engineering and to instill a professional pride in the life work they have chosen.

# AMERICAN SOCIETY FOR METALS

## OFFICERS

ROBERT E. BURGESS .....*President*  
 JULIUS A. SHANKLIN .....*Vice-President*  
 GEORGE A. SLOAN .....*Secretary*  
 RONALD W. FULLINGTON .....*Treasurer*

The North Carolina State College Chapter of the American Society for Metals functions as an organization dedicated to the promotion of fellowship among metallurgical students and helps them develop and broaden their interests in the field of metallurgy.

## AMERICAN INSTITUTE OF PHYSICS

### OFFICERS

RICHARD L. WILSON ..... *President*  
 WILLIAM SMYTHE ..... *Exec. Vice-President*  
 ALFRED STAMM ..... *Adm. Vice-President*  
 DON CHILDERS ..... *Secretary*  
 DR. RAOUL FREYRE ..... *Advisor*

The student section of the American Institute of Physics is dedicated to the advancement of knowledge of physics and its application. It attempts to introduce the student to certain aspects of physics not taken up in the classroom, thus giving him a more complete understanding of the subject. The section was founded in 1950 and is under the School of Physical Sciences and Applied Mathematics.

#### OFFICERS

JAMES T. SPENCE .....*President*  
 GARY A. MASSEL .....*Vice-President*  
 HUGH B. NOAH .....*Recording Secretary*  
 VAN B. NOAH .....*Treasurer*  
 ALBERT K. PEARSON .....*Corresponding Secretary*  
 DR. FOREST LANCASTER .....*Advisor*

Sigma Pi Sigma is the only national physics honor society. Its chapters are restricted to colleges and universities of recognized standing which offer a strong physics major. The chapters receive into membership physics students and a few others in closely related fields when such students attain high standards of scholarship, promise of professional merit, and academic distinction.

The objects of the society are to serve as a means of awarding distinction to students having high scholarship and promise of achievements in physics, to promote student interest in research and advanced study of the subject, to encourage a professional spirit and friendship among those who have displayed marked abilities in physics, and to popularize interest in physics in the general collegiate public.

## SIGMA PI SIGMA

DEAN R. J. PRESTON  
*School of Forestry*

# SCHOOL OF FORESTRY

To keep pace with the rapid development of forestry and the wood-using industries in the South, the School of Forestry has expanded its program and facilities. Undergraduate programs train students for careers in Forest Management, Wood Technology, Pulp and Paper Technology, and Wood Products Merchandising. Graduate programs lead to the Master of Science and Doctor of Philosophy degrees. The classrooms and laboratories in Kilgore Hall, the three permanent camps, and the 80,000 acres of School Forests. The Wood Products Laboratory and the new Pulp and Paper Laboratory provide exceptional facilities for education and research.

*Some forestry research is carried on in the greenhouse.*

*Now in this situation, I would prescribe . . . a new bus driver!*

Rolleo

The State College Forestry Club holds weekly meetings during the school year for the purpose of promoting better relationships between students and members of the faculty. Educational and recreational programs are presented at these meetings.

An annual "Rolleo," held at Hill Forest, is sponsored by the club. At the "Rolleo," teams from each class compete in volleyball, log bucking, horseshoe pitching, tobacco spitting, and various other types of competition. The outstanding social event of the year is the "Logger's Brawl."

Publication of the *Pinetum*, the Forestry School annual, is sponsored by the club and distributed to forestry students and alumni. The club also publishes *Slabs and Edgings*, a bi-monthly paper containing articles and news of particular interest to forestry students.

## THE SCHOOL OF PHYSICAL SCIENCES AND APPLIED MATHEMATICS

The School of Physical Sciences and Applied Mathematics has two missions at North Carolina State College: the training of well-qualified scientists and mathematicians; the technical support of curricula in Agriculture, Education, Textiles, Forestry, Design, and Engineering.

Undergraduate curricula leading to the Bachelor of Science degree in Physics, Experimental Statistics, Chemistry, and Applied Mathematics have been established. The Master of Science degree is offered by each department of the School, with the Doctor of Philosophy degree available in the departments of Physics and Experimental Statistics.

*It takes skilled hands and cool fingers.*

*Precision instruments and highly trained men; both are essential to our economy.*

*A watched beaker never boils.*

The School of Physical Sciences and Applied Mathematics is fully equipped for instruction and research. Special equipment and laboratories associated with the departments of the School include a complete radio-chemistry laboratory; a low power homogeneous reactor and a heterogeneous reactor designed for 100 kw; a one-million volt Van de Graff accelerator; two analog computers, GEDA and Donner; and an IBM 650 digital computer supplemented by access to the UNIVAC 1105 at the University of North Carolina Computation Center at Chapel Hill. Other facilities on the campus available for teaching and research are an RCA electron microscope, complete X-ray laboratories with diffraction and radiographic equipment, and precision instrument shops.

# SCIENCE COUNCIL

The Science Council is the student governing body for the School of Physical Sciences and Applied Mathematics. The Council is one of the newer organizations on campus, being founded in March, 1961.

Membership in the Science Council is open to any undergraduate enrolled in the curriculum of chemistry, mathematics, physics or statistics. Elections are held each spring to determine the Science Council representatives.

The Applied Math Club, composed for the most part of students in the Applied Mathematics curriculum, strives to generate a profound interest in both the theory and applications of mathematics. Activities range from student participation to guest lecturers. The subject matter of the meetings has a wide scope to be compatible with the varied interests of the members.

DEAN MALCOLM E. CAMPBELL  
*School of Textiles*

# SCHOOL OF TEXTILES

Life is no longer simple in the weaver's trade. Man-made fibers with man-made properties, chemistry, electronics, and even nuclear radiation have converted the ancient art of textile manufacturing to a complex science.

Through its educational and research program, the School of Textiles is providing leadership for this new era in North Carolina's largest industry. It is first in research, first in education. This is "the mill" . . . home of whirring spindles and zooming looms . . . the orlon artery for human beings . . . the blue windows of slubbers and snubbers . . . the Shuttle Inn . . . of the Red Thunderbird . . . the beginning of careers in a fast moving industry.

Under current plans to broaden both programs, and with the backing of textile leaders, the School can help insure the future of one of North Carolina's fascinating, colorful and dynamic industries.

*Testing laboratory in Nelson Hall*

*My gosh! That's her lab jacket.*

Delta Kappa Phi is the oldest professional textile fraternity in America, having been founded in 1899 at the Philadelphia Textile Institute. Started around a nucleus of seventeen members, Kappa Chapter was instituted on May 14, 1948 at State College. The fraternity strives to create a fraternal relationship and greater social enjoyment among its members, as well as promote the interest of its members in acquiring a thorough education in textiles. The chapter of State College also strives to promote activities of interest to the Textile School.

# THE HONOR CODE BOARD

*Front:* John Cameron, Richard Barefoot, Lamar Thomas, Roger Evans.  
*Rear:* John Curlee, Bill Harris, Jerry Crabtree, Bob Griffith.

The Honor Code Board considers and takes necessary and just action concerning violations of the Honor Code. It is composed of ten persons elected by the students on a class basis.

The Honor System exists on the promise that each individual values highly his personal honesty and has pride in his integrity. It is not a unique part of education, but a familiar precept of daily living. This system is a positive one in that it poses no bounds, but gives the individual complete freedom in shaping his own character.

MERRILL LEFFLER  
*Chairman*

# THE CAMPUS CODE BOARD

*Front:* Jerry Snyder, Jim Kistler, Tom Robinson, Jim Caldwell.  
*Rear:* Miles Pope, Tom Banks, Wiley Bland, Bill Mickey, Pete Lehrer.

The Campus Code is the second component of the Honor System. It is a pledge on the part of each student to conduct himself in a manner befitting a gentleman under all circumstances. Since "gentlemanly conduct" cannot be precisely defined, the interpretation is left to the student, who must rely upon his own training and common sense. To this ideal of honorable conduct all men may be assumed to be dedicated, regardless of their status; however, here at State College it is a responsibility assumed on entering.

JIM RHODES  
*Chairman*

## WOMEN'S CAMPUS CODE BOARD

The Campus Code is the second component of the Honor System. It is a pledge on the part of each student to conduct herself in a manner befitting a lady under all circumstances. Since "lady-like conduct" cannot be precisely defined, the interpretation is left to the student, who must rely upon her own training and common sense.

To this ideal of honorable conduct all women may be assumed to be dedicated, regardless of their status; however, here at State College it is a responsibility assumed on entering.

## COLLEGE UNION

The College Union is the student's home away from home. It is a Student Community in one building, containing a restaurant, hotel, and complete facilities for recreation and activities.

The building, however, is merely the instrument through which an idea is accomplished; the heart of the organization is found in combined efforts of the Officers, Board of Chairmen, Committees and Advisors.

The Board of Advisors is composed of faculty and staff members who make themselves available to the committee for advice and guidance.

The scholastic courses on campus offer mastery of words, ideas, and principles—the usual concept of a college education. The Union, however, offers practical experience in understanding and working with people.

## In Memoriam

The death of Gerald Erdahl on November 4 brought to a close a career of service and devoted attention to the students of North Carolina State College.

Mr. Erdahl came to State College before the College Union was built. He helped design it, he planned the Union organization, and he was responsible for making it one of the best Unions in the country.

He was a man of ideas as well as boundless energy. To every cause to which he dedicated himself, and there were many, he brought both brilliance and enthusiasm.

The unique organization, "The Friends of the College," was his idea, and so were many more exciting innovations on the State College campus.

In so many ways he helped to make this campus a more pleasant place in which to live. Gerald Erdahl's untimely passing leaves a void that will be hard to fill—a void not only in the ranks of the social workers on campus, but also a void in the hearts of the students who knew him.

## Y. M. C. A.

The purpose of the N. C. State YMCA is to stimulate religious development and provide an opportunity for the student to relate his academic experience to his faith.

These principles are reflected in the "Y" program through dorm devotions, weekday and Sunday chapel services in Danforth Chapel, religious conferences, and other religious activities. In a less obvious but still profound way, these principles are applied to activities which are vital

to the needs of the student in the community and world in which he finds himself. These activities include international student programs, seminars on courtship and marriage, United Nations assemblies, political affairs, art and music lectures, and dramatic presentations. Weekend faculty and student retreats with programs involving everyday problems and the Apollo Club give an added depth to the "Y" program.

The purpose of the Young Democrats Club is to stimulate in young people an active interest in governmental affairs, to increase the efficiency in popular government, to foster and perpetuate the ideals and principles of the Democratic Party, to recruit new members for the Democratic Party and Democratic candidates, to help acquaint voters with the issues and the candidates, and to provide for our people through administration the highest degree of justice, social welfare, and happiness.

## WESLEY FOUNDATION

As a fellowship of Methodist students in the field of higher education, the Wesley Foundation endeavors through a program of worship, study, recreation and service to aid students in securing a deeper commitment to and understanding of the Christian faith and its relevance to the student world.

## BAPTIST STUDENT UNION

The Baptist Student Union was established to foster and thereby deepen the spiritual, intellectual, and social interests of Baptist students in institutions of higher learning. The Baptist Student Union promotes a program of worship, Bible study, and social activity through the local churches and the Baptist Student Union Center.

The Student Toastmasters Club is an organization established for the purpose of self improvement of speech delivery. It is composed of men who, on the average, are not good speakers, but who recognize the value of a good speaking ability and are interested in developing this ability. Through interesting programs, consisting of extemporaneous speeches and prepared speeches given by the student members, the Student Toastmasters Club builds and develops the finesse and confidence of good speaking ability.

The Amateur Radio Club enables licensed "hams" to continue enjoying their hobby while they are students at State. Student government funds have assisted greatly in the purchase of equipment for continued operation of the club station, W4VTC. Club activities consist of participation in the annual Engineers' Fair each spring with communications exhibits and operations during natural disasters when communications are needed.

Speaking for the Cheerleaders of N. C. State for the 1961-62 year, I would like to say that we are deeply grateful to the student body. It was they who helped us develop the school spirit in football and basketball. We would also like to thank the Student Government and the Administration for standing behind our ideas. This year we instigated a student cheering section where dorms, fraternities, and clubs could sit together. Next year we hope to have a card section at each home football game. We hope that your spirit will increase throughout the years, but only the student body can make this a reality.

CHARLES TOMPKINS

Student Publications have been a vital force in the life of North Carolina State College for many years. Since its beginning in 1931, the Board of Student Publications has served as a joint student faculty body designed to improve and coordinate the various student publications, now totaling seven members including the student radio station. The diversity of publications and the varying styles provide an excellent training ground in the field of communications and opportunities to prove one's leadership and organization abilities.

## A G R O M E C K 1 9 6 2

Only we who have worked together to publish the 1962 AGROMECK know the amount of hard work and long hours that have gone into it. And by the same token, only we can enjoy that sense of pride and accomplishment that goes along with being a member of the AGROMECK staff.

Our efforts were to record a year of the history of N. C. State College in pictures and words. We attempted to portray State College as you know it; some successes and some problems. If within these pages you can catch a glimpse of yourself and your friends, then we have achieved some degree of success.

CORA KEMP, Copy Desk Staff

From the first rolling of the presses in September, State's student newspaper sparkled with enthusiasm, imagination, and often a dry wit.

Editor Mike Lea established a beat system of reporting to increase news coverage from the start. With advice from faculty advisor Dr. Max Halperen, staff organization was carefully modified.

An unexpected change occurred in Lea's withdrawal from school in November due to illness, but Executive Editor Bill Jackson was there to take over, and the presses did not miss a stroke.

The spring brought a special journalism course for the staffers and the promise of a new office in the YMCA building.

So despite archaic typewriters, poor lighting, declining averages and other problems, thrice-weekly deliveries were maintained and *The Technician* approached its goal of finding the news and advocating the best for the State College community.

## B R A G A W

The penthouse of the campus really sets the pace in student housing. It virtually eliminates "hell-raising" in the halls because the halls are outside. This is truly a boon to the man who has to study. If you don't believe it, ask a man on second-floor Tucker.

# SIGMA PHI EPSILON

After the long summer Sig Ep started the new school year with a very effective rush program led by Chairman "Dobie."

Coach "Paul-Bun" Pendergroft inspired Sig Ep to a second place in the fall football intramurals with "Hooker" and "I" setting the pace.

Fall I. F. C., the Orphan's Christmas Party; the new color TV, occasional water fights with the boys next door; Keeter thrown in the pool.

The beginning of a typically slow semester spring 1961 saw Sigma Phi Epsilon off to a typically fast start under President "Frogs" leadership.

# SIGMA PI

Crashing into winter we go leaving fall with vivid memories of Rush Week and its aftermath of lively parties. Out of rush came Winslow and his "gremlins" to plague us both day and night. Kilpatric, Ross, Hustler, and Ravin Ray know how good the gremlins are at throwing brothers in the lake. Their day is coming though . . .

We tumbled into football season with great spirit and a good team but did not find victory until our last game when quarterback Brown discovered that he should have had only two beers instead of three before each game. Even so, Coach Thompson thought that Goat and Mega Moose-Mouth were good enough to be All-Americans.

With the arrival of Thanksgiving all yoomed and normal brothers alike went home to let the house recuperate from I. F. C. and Homecoming. But not for long, because the orphan's party is next . . . God help us if we get a group like we got last year!

# TAU KAPPA EPSILON

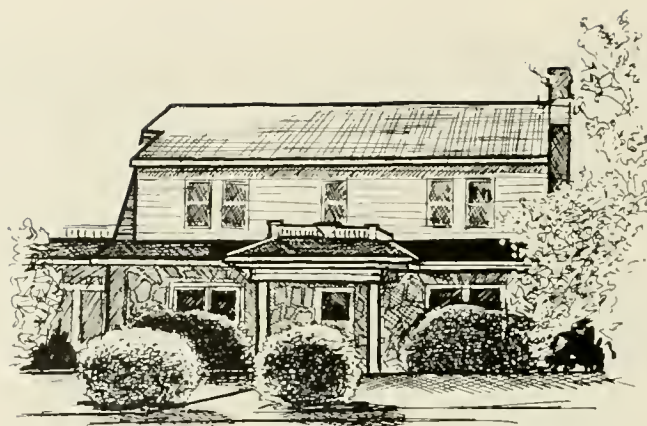

Beta Beta chapter of TKE is located on Easy Street. The Chapter was founded at State College in 1947—a bad year for champagne!

Some of the social functions which tend to release the imprisoned emotions of the members are: The Red Carnation Ball, the Founder's Day Dance, an annual beach trip; and other small, but pleasant, orgies from time to time.

At Tau Kappa Epsilon our keystone is character, and we certainly have quite a few of them—characters I mean! The fraternity also stands for men—and against women??

Note #1—To the students on campus: All of this is true.  
Note #2—to the parents: DON'T BELIEVE A WORD OF IT!!!

## ARMY

The Army R.O.T.C. has as its purpose, the training of students for position of leadership in the Army in time of national emergency. The successful completion of a four year Army R.O.T.C. course leads to a commission as a second lieutenant in the Army reserve.

In the classroom, emphasis is placed on giving the prospective officer a general background knowledge of military subjects and activities essential to all of the Army's fifteen arms and services. Maximum effort is made to arouse the student's interest through the use of weapons, illustrations, training films, practical exercises, and models.

Drill and Exercise of Command facilitate development of those essential characteristics of leadership such as self-confidence, initiative, loyalty, and the ability to think clearly, make wise decisions and inspire others to work for the success of any endeavor.

# AIR FORCE CADRE

The Air Force looks to its R.O.T.C. program for many of its future leaders.

The basic course provides students with an understanding of fundamental military discipline and organization.

In addition, it provides a basic knowledge of the air age and the influence of Air Power on World Affairs knowledge which is essential for good citizenship, civilian or military, in today's world.

The Advanced Course for selected and volunteer juniors and seniors provides more intensive academic and leadership training to qualify graduates for commissions and active duty.

Throughout the entire A.F.R.O.T.C. course a primary objective is to develop in students qualities of leadership and the ability to communicate effectively. These are keys to success in either military or civilian careers.

**ATHLETICS**

# FOOTBALL

The school year of 1961-62 was the beginning of a new athletic outlook at North Carolina State College. It was the beginning of a program intended to de-emphasize intercollegiate athletics in the consolidated University. The number of athletic scholarships awarded to out-of-state students was cut, the Dixie Classic was discontinued, and the season schedules in various sports were deleted. Despite this de-emphasis program, State produced hard-fighting teams that were respected by all opponents.

The blunt win-loss record of State's football team, 4 wins and 6 losses, can hardly tell the whole story. The fine quarterbacking of All-American Roman Gabriel and the great defensive effort of Tom Dellinger, as well as the spirit and determination of the team as a whole, can only be appreciated by those who saw the Wolfpack in action.

COACH EARLE EDWARDS

ALL-AMERICAN ROMAN GABRIEL

As captain of the 1961 Wolfpack, Roman Gabriel led the State team through a tough ten game schedule. He passed for 937 yards and ran for 196 more. For the second year in a row he led the ACC passing department, completing 99 of 186 attempts for a 53.2 percentage. Because of his outstanding performance this season, he was selected to play in several post-season All-Star games, as well as being picked for the Look All-American Team. At the end of the season his famous number 18 was permanently retired from the State College roster.

# 1961 VARSITY

*First Row:* Bill Harden, John Gill, Joe Bushofsky, Sam Raneri, Jim D'Antonio, Roman Gabriel, Fran Palandrani, Nick Maravich, Kent Morton, Jake Shafer.

*Second Row:* Walt Kudryan, Skip Matthews, Bert Wilder, Harry Puckett, John Golden, Tom Dellinger, Al Taylor, Graham Singleton, Dennis Kroll, Bob Wolfer, John Morris.

*Third Row:* Don Montgomery, Lynwood Hodges, Roy Stephenson, Ron Krall, Chuck Wachtel, Fred Bernhard, Bill Kriger, Lloyd Cooke, Dave Houtz, Merrick Barnes.

*Fourth Row:* Bob Royer, Oscar Overcash, Roger Moore, Mike Clark, Bob Renner, Jerry Krecicki, John Turco, Roy Wood, Bob Faircloth, Bob Buzzard, Rosario Amato.

# FOOTBALL SQUAD

*Fifth Row:* Pete Starr, Pat Powell, Phil Sandifer, Bill Sullivan, Jim Rossi, Carson Bosher, Sam Sorce, Tony Suleski, Bob Landis, Dave Carter, Vance Cockerham.

*Sixth Row:* Jim Darrup, Don Smith, Lou Krezanosky, Younger Snead, James Martin, Golden Simpson, Dave Stout, Pete Falzarano, Les Young, Doug Brackett, Stacy Gillen.

*Seventh Row:* Silas Snow, Gerald Topinka, Larry Verchek, Ron Skosnik, Phil Raiford, Dan Martin, Tony Koszarsky, Joe Scarpati, Jack Schafer, Bill Parrish.

*Eighth Row:* Pat Pepler, Assistant Coach; H. B. McCullough, Assistant; Al Michaels, Assistant Coach; Bill Smaltz, Assistant Coach; Carey Brewbaker, Assistant Coach; Earle Edwards, Head Coach.

*Wolfpack moves onto chilly gridiron.*

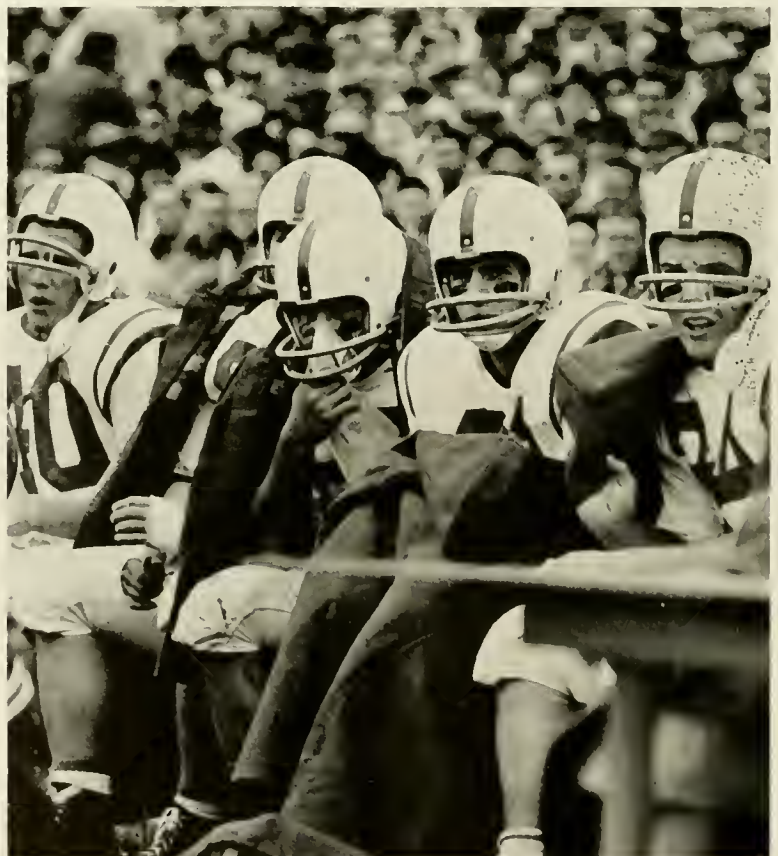

*Water for a weary wolf.*

STATE . . . . .	14
WYOMING . . . . .	15

The Wolfpack lost the season opener by one point after leading for the first three quarters. Wyoming scored a touchdown with less than seven minutes remaining in the game, regained possession of the ball on a pass interception, and then ran out the clock.

*Tension mounts as time grows short.*

*Scarpati and Koszarsky explain it to Coach Michaels.*

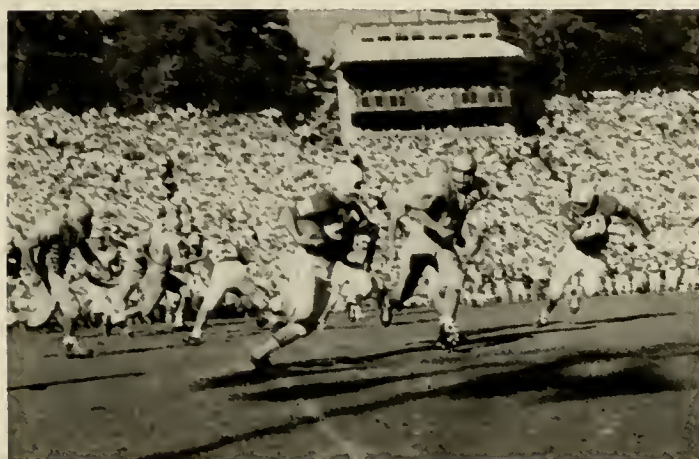

STATE . . . . . 22  
 UNC . . . . . 27

State moved to an early lead on a brilliant kickoff return by Mike Clark and a field goal by Jake Schafer, but as the game continued the Wolfpack found itself unable to do anything right while Carolina's Tarheels could do no wrong.

*Tarheel runner finds going a little tough.*

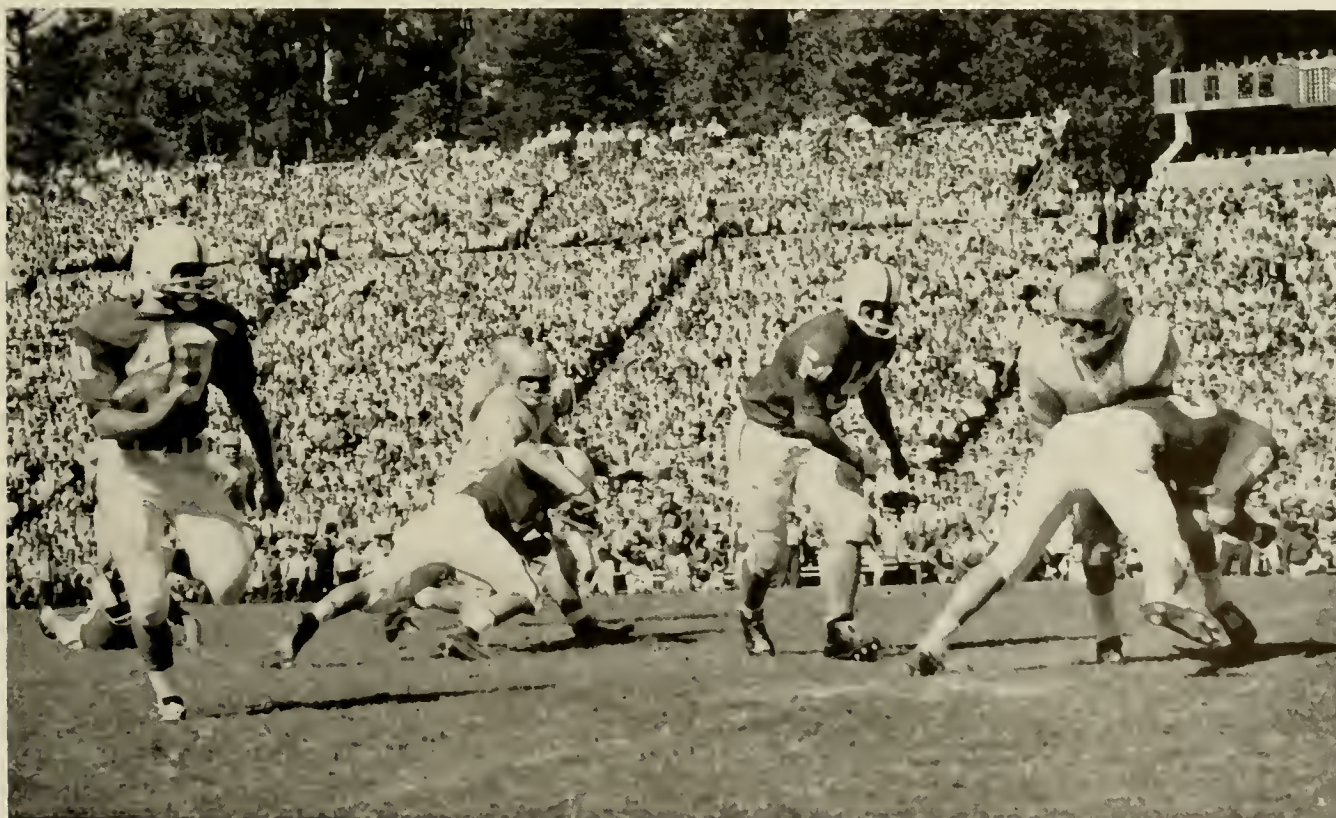

*Clark returns opening kick 83 yards for a touchdown.*

*State holds on UNC three yard line.*

*Koszarsky goes for long yardage.*

*State's strong defense holds again.*

STATE . . . . .	7
WAKE FOREST . . . . .	0

The Wolfpack fans were treated to the experience of night football as the Pack played host to the Demon Deacons of Wake Forest College in Riddick Stadium. The Wolfpack turned in one of the best efforts of the

season in defeating the powerful Deacon team. State's strong defense was one of the chief reasons for this victory.

*Koszarsky upends Deacon ball carrier.*

*Gabriel tosses to Scarpati in flat.*

*Gabe throws a long one for the score.*

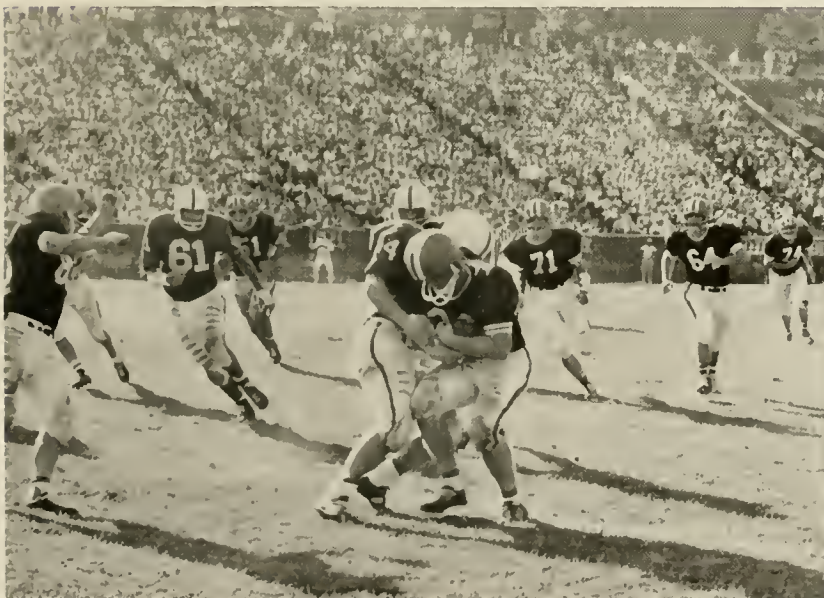

*Taylor hugs Duke tackler along to pick up extra yardage.*

STATE . . . . .	7
MISS. SOUTHERN . . .	6

STATE . . . . .	6
DUKE . . . . .	17

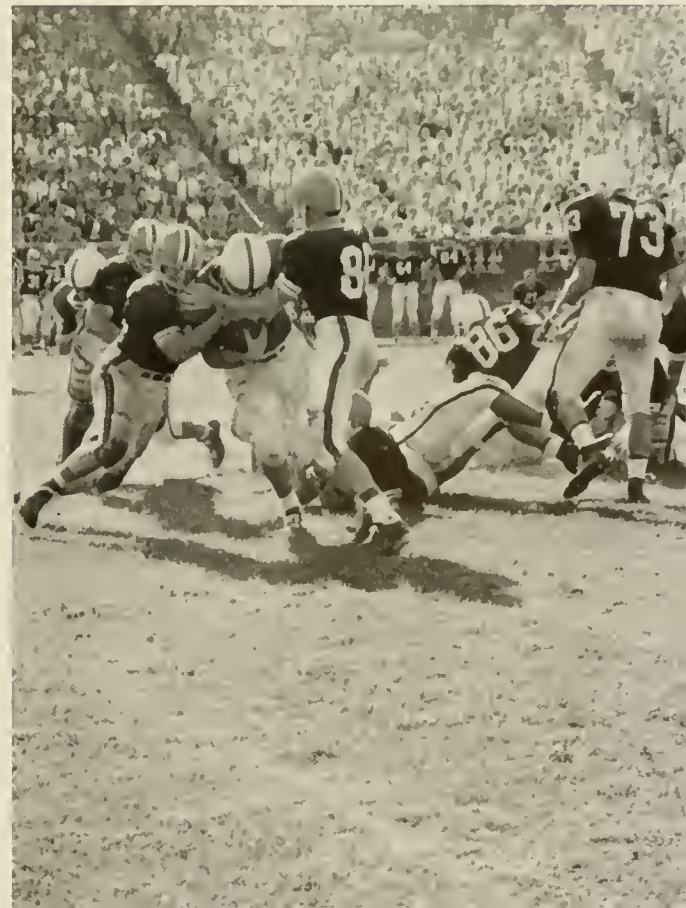

State lost its second conference game to a strong Duke team as the Blue Devils pulled away from weary Wolf-pack in second half after fine runs by speedy sophomore back, Jay Wilkenson. A final rally by State was not enough to change the outcome.

*Scarpati nails Duke ballcarrier.*

State startled Mississippi with a grinding ground game rather than an aerial attack. The Pack rushed for 246 yards, their highest in three years.

*State racks up more yardage.*

*Clark moves through big hole for a nice gain.*

*Homecoming festivities excite crowd.*

STATE . . . . . 38  
SOUTH CAROLINA . 14

The Wolfpack closed out their home stand by treating more than sixteen thousand Homecoming fans to the slaughtering of the Gamecocks. Gabriel completed 17 of 22 passes for 215 yards, and D'Antonio picked up 114 yards on the ground. After trailing 14-6 in the early minutes, the State machine went into high gear as all players turned in fine performances.

*State tacklers move in for the kill.*

*Scarpati makes sensational catch for TD.*

STATE . . . . . 21

VIRGINIA . . . . . 14

State got its first taste of victory by beating the Cavaliers in a hard fought contest. Bert Wilder turned in an excellent performance in his last game as a college ball player. He was called to active duty in the Army.

STATE . . . . . 7

ALABAMA . . . . . 26

Although State scared the Crimson Tide in the first half, Alabama came roaring back to victory.

*Barnes clobbers would-be punt returner.*

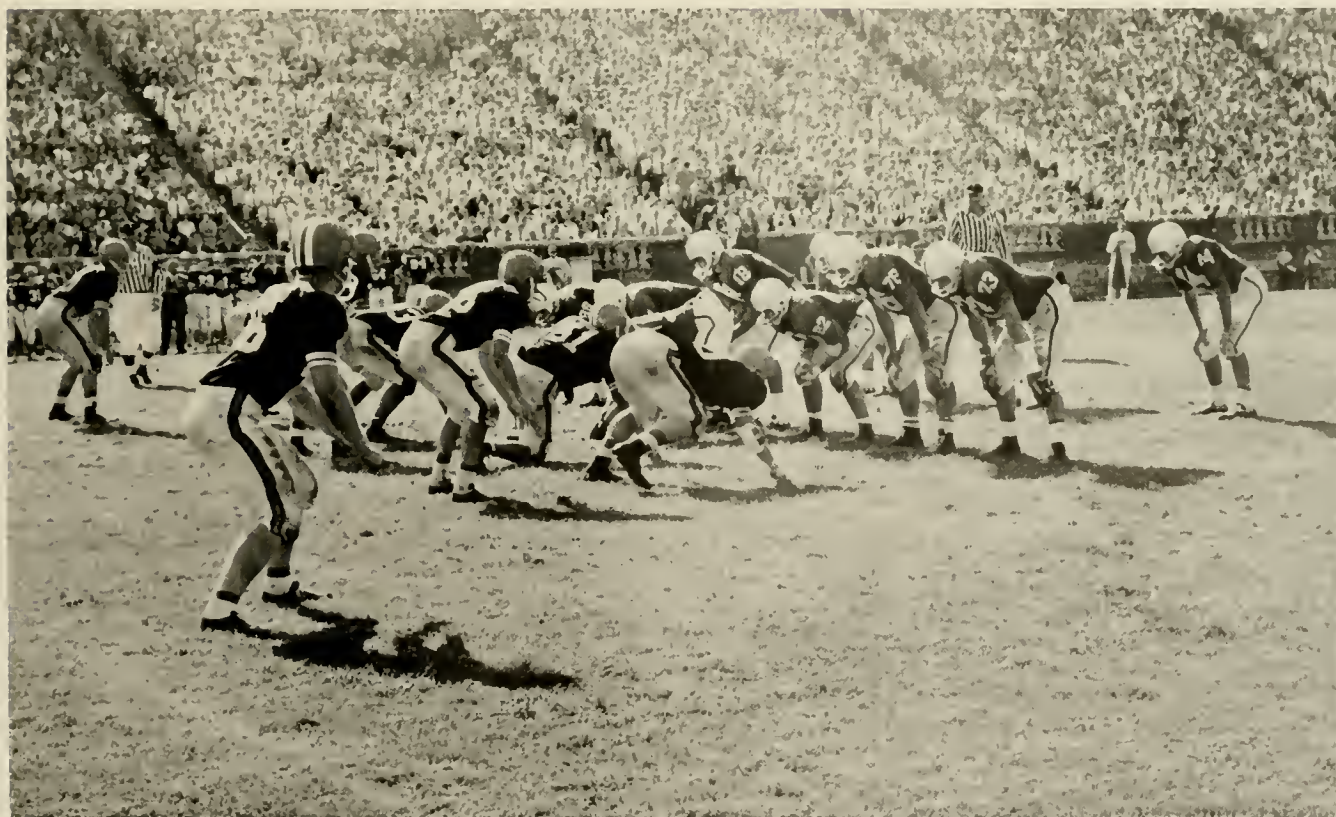

*Gabe hits D'Antonio in flat.*

*Scarpati drives for ten.*

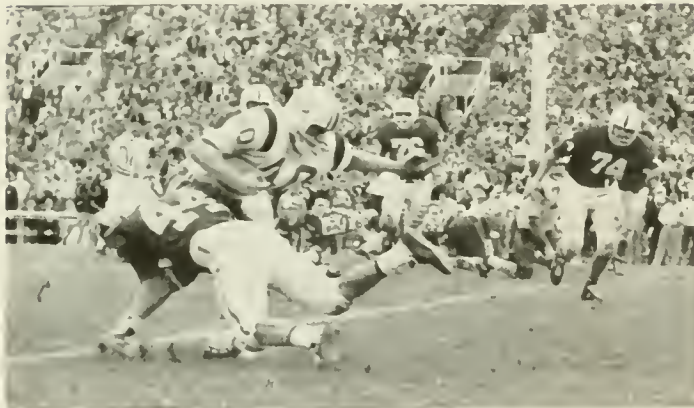

*The lineup.*

STATE . . . . . 7  
 MARYLAND . . . . . 10

Although Maryland managed to squeeze by the Wolf-pack in an exciting ball game, State was not without its moments of glory. Gabriel's throwing arm was hot, and John Morris' fingers were sticky. Morris snagged four passes to set a new pass catching record of 40.

*Scarpati contacts for jarring tackle.*

*Matthews, Bushofsky, and Suleski swoop down on prey.*

STATE . . . . . 0  
 CLEMSON . . . . . 20

State loses out after a hard battle. Here Gabriel connects with Kroll for good yardage.

*Another Gabriel completion.*

# MONOGRAM CLUB

*Seated:* Cutter, Bushofsky, Matthews  
*Standing:* Hoomani, Yeager

## OFFICERS

JOE BUSHOFSKY	<i>President</i>
SKIP MATTHEWS	<i>Vice-President</i>
HANK HOOMANI	<i>Secretary</i>
MOOSE CUTTER	<i>Treasurer</i>
PAUL IAEGER	<i>Sergeant at Arms</i>

The purposes of the Monogram Club are to recognize through a student organization those men who have earned a monogram, in accordance with the regulations of N. C. State College; to foster good fellowship among monogram winners; to promote a high standard of intercollegiate athletics and the spirit in which they are conducted; and to encourage ideals of good sportsmanship among athletes and spectators in the best interest of North Carolina State College.

# B A S K E T B A L L

*Auksel fires over Maryland defense.*

*Speaks drives past defenders for the score.*

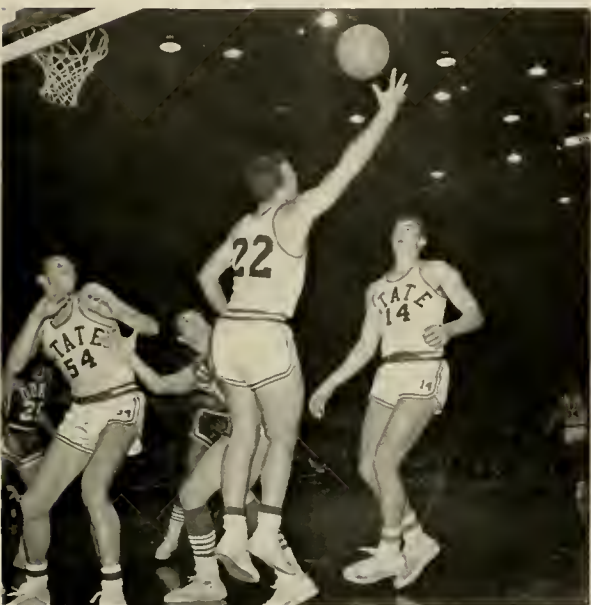

COACH EVERETT CASE

*Wherry crashes through Mountaineer defense.*

*Rohloff pulls down a rebound.*

*Speaks, Gossel, and Sinnock battle for tie-up.*

*Auksel lays the ball over hoop as Pungler stands by.*

Back row: Mgr. Long, Asst. Coach Pickett, Auksel, Marvel, Gossell, Key, Whitfield, Pungler, Sinnock, Nordan, Coach Case. Front row: Rohloff, Speaks, Wherry, Mayton, Lutz, York, Greiner, Erb, Robinson.

Auksel and Speaks move in for the rebound.

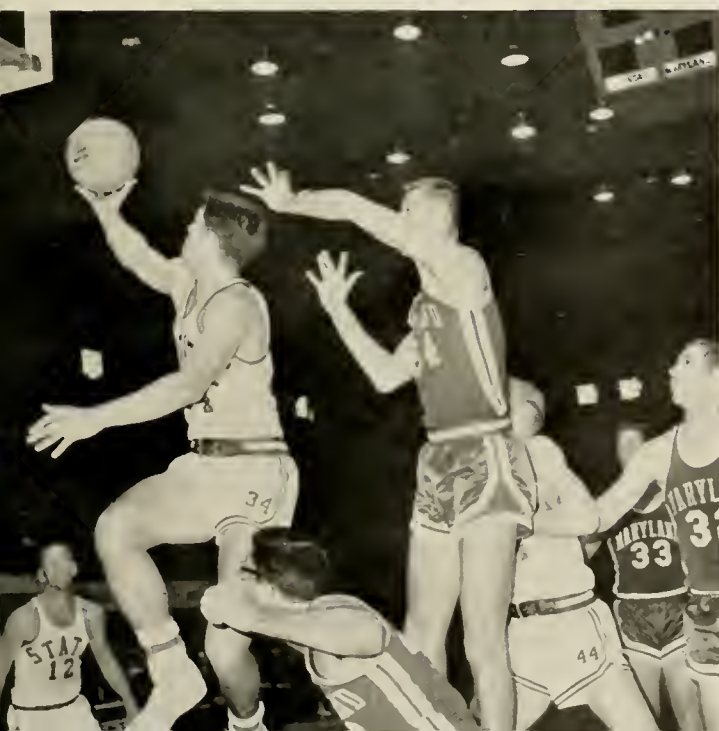

## 1961-62 RECORD

State	76	South Carolina	75
State	73	Clemson	71
State	62	Wake Forest	69

*Marvel goes high for two more.*

*Speaks drives in for an easy lay-up.*

*John Pungert cuts loose from the side.*

*Case and the boys.*

*Punger and Marvel look on as Auksel goes up for a shot.*

*Punger blasts off—Results, "A-OK".*

*Well, that's one way, Wherry.*

*Wheaties battles for rebound.*

*Rohloff pops one from the side.*

With the de-emphasis program in full swing, many people had their doubts about the 1961-62 basketball team. Several lettermen from last year's team were returning, but no one player was expected to be a standout. This Wolfpack team worked well together and started the season off with an easy victory over Tennessee to give Coach Case his 300th win. After dropping two in a row, the Pack bounced back to upset a highly ranked Duke team 61-60.

As the season progressed, Ken Rohloff joined the steadily improving team. In the second meeting with Duke, the Wolfpack thrilled the home-court crowd with a 71-55 victory over the Blue Devils. Two games later they smashed the UNC team by an 85-57 score. The Pack took a five game winning streak against Wake Forest in the final game of the season; however, several bad breaks and a hot Wake team enabled the Deacons to carry off the chair of victory.

*First row: Snipes, Kuuskraa, Nelson, Artinano, DelCarmen. Middle row: Stephnakis, Shick, Hager, Hill, Huntsman, Makers. Back row: Rudell, Koppel, Ankurs, Hanington, and Coach Cooper.*

*Benito Artinano breaks scoring record by kicking six goals in a single game.*

*Fine save by goalie, Mike Hill.*

## SWIMMING

This year at North Carolina State College swimming became a major sport. Never before at this school has swimming attracted so much interest as it has this year. The beautiful new natatorium and State's great team have combined to bring this interest about.

*All-American Ed Spencer.*

*Frank Coble, diver.*

After a disappointing 54-40 loss to Maryland in the season's opener, the Wolfpack swimmers, coached by Willis Casey, came back to trounce Duke, Wake Forest, Virginia, Georgia, VPI, and VMI before losing a heart-breaker to Florida 51 to 44. The Pack then defeated UNC and Pittsburgh to take a 9-2 record into the conference meet, where a lack of reserve strength cost them a share in the ACC crown. However, individual championships were won by Smokey Ellis in the 50 yd. free-style, Ed Spencer in the 100 and 200 yd. butterfly and the 440 yd. freestyle, Pete Fogarasy in the 100 and 200 yd. breaststroke and the 200 yd. individual medley, and Bill McGinty in the 100 yd. freestyle.

Also performing well this year freestylers Jim Cutter, Joe Dixon, and Jeff Prager; breaststrokers Dan Derby and Guy Griswold; backstroker Ed Stephens; and the divers Frank Coble and Jerry Morrow. Since most of the team are juniors and sophomores, the Wolfpack should enjoy another fine season again next year.

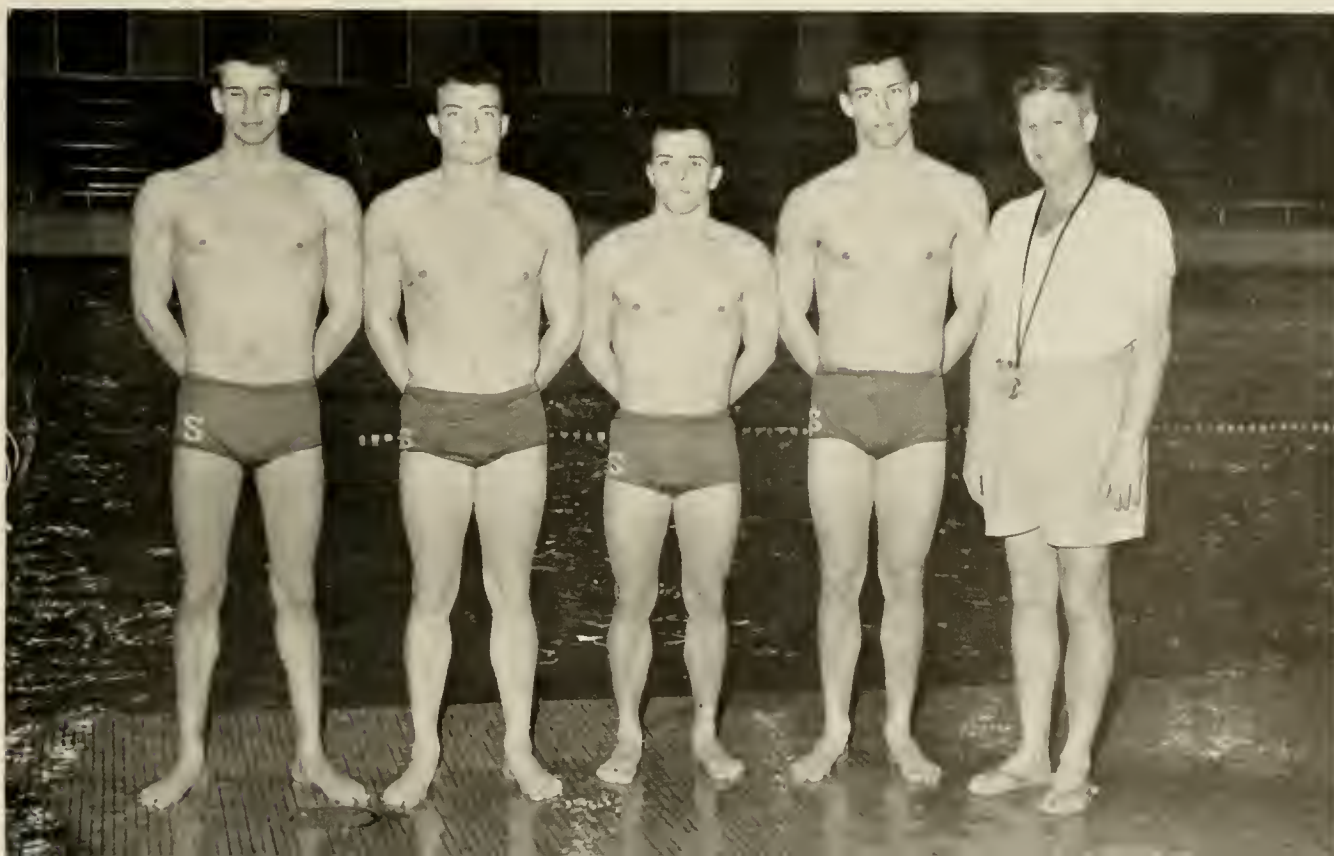

ALL-AMERICAN PETE FOGARASY

# B A S E B A L L

Last Spring's North Carolina State baseball team finished a strong third in ACC competition with an 18-5 overall record. Coach Vic Sorrell, now entering his seventeenth year as Wolfpack coach, is looking forward to another fine season this year. He says that the team's only real problem is that of finding replacements for pitchers Joel Gibson and Wilson Carruthers of last year's team.

*He's going to take a cut at it.*

*State's first baseman stretches for put out against Virginia.*

*Conner shows fine patching form.*

*State runner crosses bag ahead of ball.*

Front row: Hodgen, Conner, Allen, Haworth, Easterling, Boyette, and McIntosh. Back row: Russell, Edwards, Strickland, Cordell, Montgomery, Baughn, and Young.

Hitters, Strickland and Edwards.

State	31 1 3	Duke	99 2, 3
State	65	Wake Forest	65

Mgr. Cherry, Hamrick, Helms, Peabody, Carter, Coach Shea, Goodwin, Riggins, Lenderink, Wilhelm, Johnson, Potts, Wrenn, Edwards.

*Frank Lustig throws javelin.*

*Wilder heaves the shot.*

Although last year's Track team did not fare too well record-wise, a bright picture may be forecast for the coming years. This year's team will be without the services of quarter-miler Lim Joyner and weight man George Vollmar both of whom scored well for State last year. However, Ronnie Helms, Peter Johnson, and Jimmy Ham-

rick, all freshmen last year, turned in promising performances. Helms won the big four outdoor quarter mile, Hamrick won the big five indoor quarter mile, and Johnson equaled the State 880-yard record with a time of 1 minute, 56.6 seconds. Jumper Steve Corn and sprinter Oland Hankhead also turned in fine performances.

*Vance Wienn sets bar for high jump.*

*Pom Sinnock charges pole vault box.*

First row: Coach Derr, Potts, Fincher, Tyson, Joyner, Wilson.  
Second row: Johnson, Edwards, Green, Hamrick, Blanchard, Smith.

## INTRAMURALS

Intramural Athletics at NCS is considered the most important extracurricular activity on the campus. The responsibility of Intramural Athletics lies with the Office of Student Affairs and is administered by the Department of Physical Education. All policies for the program are made by the Advisory Board and carried out by the Department of Intramural Athletics.

Over 40% of the student body participates in some phase of this program. The units of competition are divided into three divisions: Fraternity (18 teams), Dormitory (14 teams), and Open (Unlimited—with as many as 50 teams in Open League Basketball). Thirteen activities are offered in the Fraternity and Dormitory Leagues and unlimited special events are offered in the Open League.

The Intramural outdoor facilities are some of the finest in the country. 20 tennis courts, 10 softball fields, 10 football fields, a track, and horseshoe pits are available for intramural participation within vicinity of the new gymnasium. The indoor facilities include a new pool, 7 basketball courts, 10 handball courts, 6 squash courts, a golf room, an exercise room, and a weight training room.

*Students participating in 1961 Big-Four Day.*

*Art Hoch receives an award from John Brady for outstanding service to the students.*

**YOU ATTAINED .**

## CARMICHAEL GYMNASIUM

The finest facilities to be found are now available to every State College man for his recreation and enjoyment. Completed early last summer, the new gym is a hub of activity involving physical education instruction, intramurals, and general relaxation.

## SOPHOMORE LEADERSHIP SOCIETY

### OFFICERS

WILLIAM A. LUCAS	<i>President</i>
JOE EAGLES	<i>Vice-President</i>
RICHARD CULP	<i>Secretary-Treasurer</i>
WOODROW M. TAYLOR	<i>Corresponding Secretary</i>

The Order of Thirty and Three is a local honorary organization which recognizes outstanding members of the Sophomore Class. Members are picked during the spring semester of the Sophomore year and remain active for the duration of one year.

Selection for membership in Thirty and Three is the

highest honor a sophomore can attain. Qualifications include: good character, a high sense of honor, ability for leadership, satisfactory scholastic standing, welfare of school at heart, and other qualities deemed necessary to accomplish the greatest good, as determined by the active membership.

### MEMBERS

# AGRICULTURAL INSTITUTE

DR. HOMER C. FOLKS  
*Director, Agricultural Institute*

The Agricultural Institute was organized on the North Carolina State College Campus in 1959. Students registered for this type of educational program for the first time in the fall semester of 1960. The various programs of the Agricultural Institute were initiated to provide a large segment of our society a unique educational opportunity. It is possible to obtain a technical education through the Agricultural Institute in a period of two years. This period of time is spent in building a foundation for a lifetime of study, learning and productivity. The courses of the Agricultural Institute, the faculty who teach, and the students who participate, are all oriented toward the common belief that an individual's productivity can be increased by improving his technical knowledge.

## OFFICERS

M. ERVIN LINEBERGER	<i>President</i>
JOHN T. KANIPE	<i>Vice-President</i>
RAY WINTON	<i>Secretary</i>
JOHN CURLEE	<i>Corresponding Secretary</i>
RICHARD WILLIAMSON	<i>Treasurer</i>
L. R. WHICHARD	<i>Adviser</i>

Blue Key Honor Fraternity was founded at the University of Florida in October, 1924, to perpetuate the belief in God, to preserve the principles of good citizenship, and to promote the best interest of the students.

The fraternity recognizes outstanding qualities in character, scholarship and service, placing equal emphasis upon leadership in student activities. Membership is composed of graduate and undergraduate students

of all departments of American colleges and universities.

Each year Blue Key co-sponsors the Homecoming celebration. Annually the fraternity presents the citizenship award to the Senior who has distinguished himself as the foremost citizen of his class. In addition, Blue Key cooperates with other campus organizations in various activities to perpetuate a more meaningful campus life.

## THE GOLDEN CHAIN

### SENIOR HONORARY

Golden Chain, Senior Honor Society, was founded at N. C. State College in 1926. Each spring twelve rising Seniors are tapped into the society and thus increase the endless chain by twelve links. The name Golden Chain is symbolic in that it represents an endless chain which joins together outstanding State men who have built a lasting tradition in our community.

E. E. DENISON	<i>Vice-President</i>
D. D. MASON	<i>Secretary</i>
R. F. STOOPS	<i>Treasurer</i>
FRANCES THOMPSON	<i>Journal Corres.</i>
JOHN W. CELL	<i>President-elect</i>

Phi Kappa Phi, scholastic honor society, was founded at the University of Maine in 1897. Since the establishment of the North Carolina State Chapter on December 10, 1923, there have been more than twelve hundred local students, alumni, and honorary candidates elected to membership.

Phi Kappa Phi is the highest scholastic honor attainable for a student in technical fields of study. It is dedicated to the Unity and Democracy of Education and its ultimate objective is to emphasize scholarship and character, to foster the goals of institutions of higher learning, and to stimulate mental achievement through recognition.

D & F "COORDINATED PRODUCTION"

The skillful integration of Davis & Furber Machinery, Supplies and Accessories with our expert Technical Service and Counsel and your mill production requirements and specifications—results in a "COORDINATED PRODUCTION" program.

Davis & Furber "Coordinated Production"—jointly planned with the mill—means increased profits for you. Ask how the D & F "in-your-mill" Technical Survey can solve your specific problems. Write for your copy of the D & F News, to help you with your long-range planning.
